COVID-19 Recommendations

There is still a need to emphasize the importance of social distancing as recommended by the Centers for Disease Control. Everyone has an individual responsibility for the health and safety of our community during this COVID-19 pandemic.

[Learn more about social distancing and how to protect yourself](#)

Are you using a cloth face covering when you're out in public? That's great! The [CDC recommends](#) wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), **especially** in areas of significant community-based transmission. If you are wearing a cloth face covering, make sure you're washing it regularly to maximize its ability to slow the spread.
